Letter of Intent

Letter of Intent between:
**Party A:** Jiangsu Provincial People’s Hospital (The first affiliated hospital of Nanjing Medical University)

**Party B:** Danish Hvidovre Hospital

**Party C:** Copenhagen Heath-tech Cluster (CHC)

Party A introduction: Jiangsu Provincial People’s Hospital is also known as the First Affiliated Hospital of Nanjing Medical University, Jiangsu Clinical Medicine Research Institute, and the Red Cross Hospital of Jiangsu. The hospital is by far the largest Level Three Class A general hospital in Jiangsu. At present, it has more than 5,000 employees and 3,000 beds available for patients in the hospital. It ranks 1st among the provincial hospitals in <The China Best General Hospital> pressed by hospital management institute of Fudan University. The scientific research level of hospital ranks 5th and department rehabilitation medicine ranks 1st in China.

Party B introduction: Hvidovre Hospital is administered by the Capital Region of Denmark and it's a teaching hospital for medical students from Copenhagen University. The hospital was built from 1968 and was officially opened on 1979. The building of Hvidovre Hospital spans over 300,000 square meters. Hvidovre Hospital is one of Denmark’s largest. It has more than 40 departments, including Denmark’s largest delivery ward.

Party C introduction: Copenhagen Heath-tech Cluster (CHC) jointly established by government of the Capital Region and municipal government of Copenhagen in Denmark, CHC is committed to promoting sustainable growth for regional health-tech/care industry and achieving common development in external cooperation. CHC will be the negotiation part from the Danish side.

Based on the Memorandum of Understanding between the Jiangsu Province and the Capital Region of Denmark signed in January 2015 the parties will make an agreement:
1. Project Introduction
In Denmark, Fast Track Surgery (FTS) has been widely used in hospitals and achieving good results. FTS leads to less trauma and faster rehabilitation, and can help shorten the postoperative rehabilitation and hospitalization time. Meanwhile, Jiangsu Provincial People’s Hospital are also pushing forward the Fast Track Surgery and Rapid Rehabilitation Surgery (RRS), and expanding the scope of these technologies. All parties would like to make a comprehensive cooperation in Fast Track Surgery and Rapid Rehabilitation Surgery.

2. Cooperation Contents
2.1 Co-building the FTS room, standards and authentication system which conform to China’s current situation. Build a FTS room according to the highest international standard, jointly research the possibility of covering more diseases, and meanwhile carry out cooperation on minimal invasive surgery, psychological intervention and modern aesthetic technique.
2.2 Jointly research the possibility of covering more regions such like use FTS in Orthopedics, General surgery, Ophthalmology, and use modern anaesthesia and psychological intervention techniques into RRS. Jointly establish a golden standard for Chinese FTS and a hallmark of FTS—room.
2.3 Co-promote FTS standards and authentication system technique to be standard care in another hospitals in Jiangsu.
2.4 Other issues of common interest.

3. The 3-step approach of this project is
All parties have to agree going from step 1 to step 2 and from step 2 to step 3.
1) Evaluate possibility, cost assessment and discuss details to co-establish FTS ward in Jiangsu Provincial People’s Hospital. The cost assessment includes fee for the exploitation of the patent, experts dispatch and other cost related to the project cooperation.
2) Establish and run the FTS ward which includes training, education, data collection, continue learning and improving and draft standards and authentication system of FTS and so on.
3) Scaling up the FTS course/standard, standards and authentication system to other hospitals if we has a positive report.

4. Other notes
4.1 For smooth co-operation, all parties agree to establish a Cooperation Council to make up detailed programs and schedule, and appoint responsible persons for contact.
4.2 About the matters not covered in this agreement, all parties shall settle through friendly consultations.
4.3 This Agreement shall take effect on the date of signing.
4.4 Six copies of this Agreement, all parties holds one Chinese and one English edition. It is written in duplicate in Chinese and English, both texts equally authentic.
